Enterprise Design & Deployment

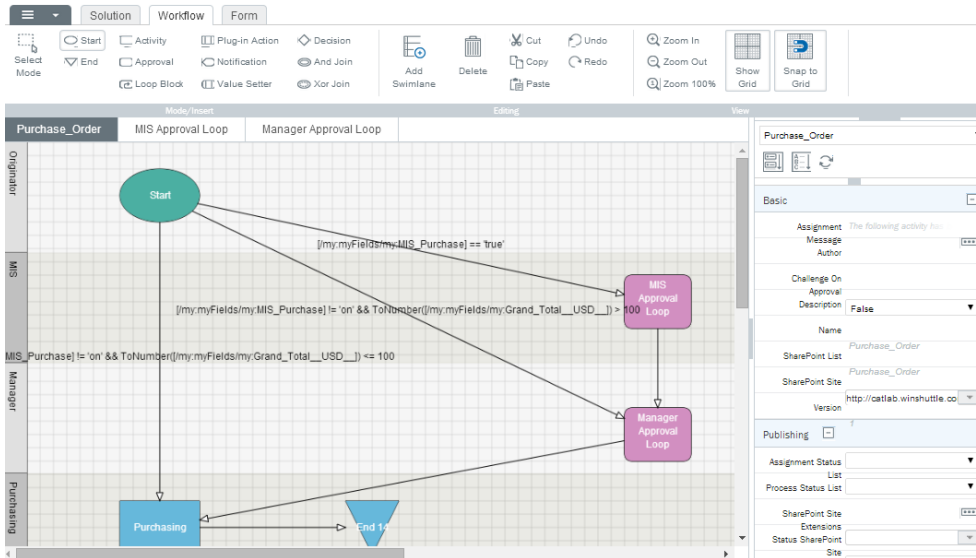

Cross browser support for smartphone, tablet and desktops!

- Composer supports multiple browsers and devices
- Including smartphones, tables and desktops
- Responsive Design
 - Create once and deploy many times on many different devices

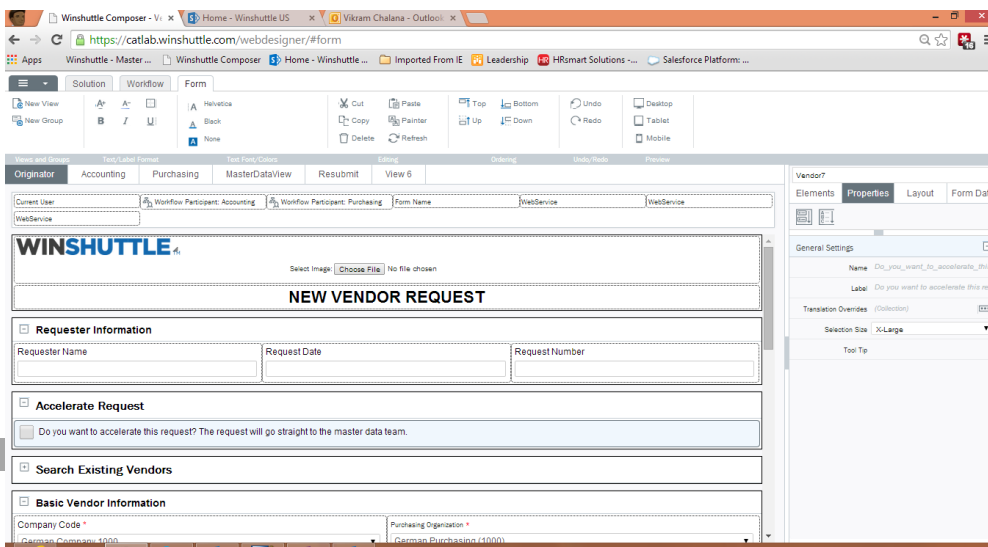

Enterprise Design & Deployment

Unified Design Experience

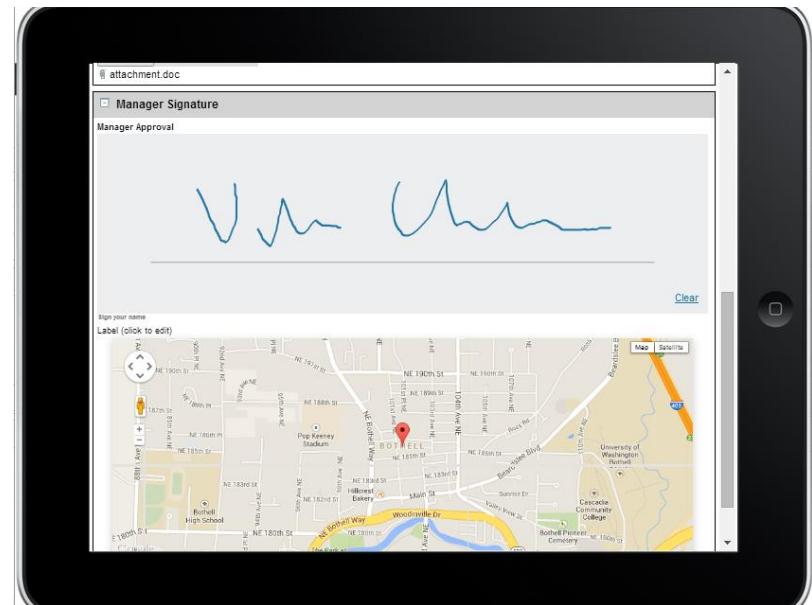

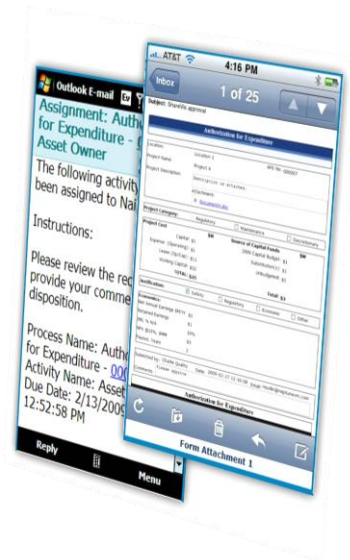

- Tightly integrated workflow modeling and forms
- Browser-based development environment

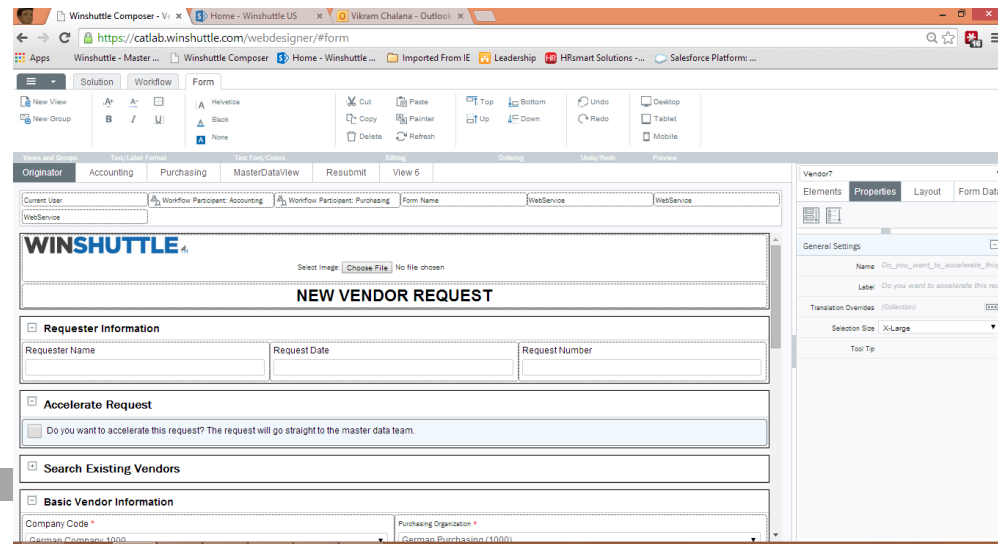

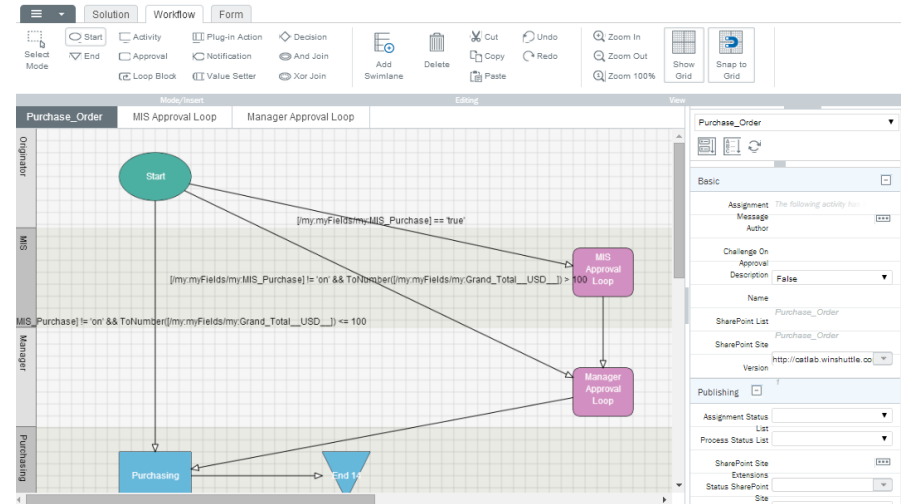

Composer Usability Improvements

- Intuitive Form Controls
- Design Wizards
- Multi-lingual Tools & Form Support

Why Composer?

1. Infopath forms on IE only
2. Unified design experience
3. Infopath replacement

COMPOSER DEMO

Availability & Roadmap

- Composer part of Foundation 10.7 GA - July 2014
- Foundation 10.8 FCS in December 2014
 - Rules Manager
 - Central rules sharing between different forms
- Foundation 11 FCS in May 2015
 - Easier bulk data and process management
 - Extending single master data to multiple orgs
 - Routing multiple elements together
